Pre-configured Ready-to-go Elements

Our Elements furniture was designed to grow with you. Completely modular Elements can be combined into endless possibilities. We designed for you pre-configured options that you can add to your space now and always change over time.

18

Design your Own Elements

We know that you know your space better than anybody. Use our Elements furniture pieces to build exactly what you need for your new outdoor living room. Watch the animation below to guide you through the experience.

Designed for performance and planet.

Reconfigurable, refurbishable and durable, this furniture will grow with you.

Modularity and Configurable

Over time lifestyles change leaving furniture behind that becomes obsolete. We designed Elements as a completely modular line that can easily adapt to a growing family, or empty nester's smaller footprint. Re-configure all the time.

Indoor/Outdoor

Crescent Garden InOu merges the aesthetic of a stylized indoor space with the durability required outdoors which is why this lounge furniture can move in or out as needed.

Made to Last

Like our Crescent Garden planters, our furniture is made to withstand all the elements and is backed up by a limited warranty as follows:

10-Year Limited Warranty on rotational molded base.

Warranty on other parts:

For Residential Use:

Legs, Cushions, and other components have a **5-year warranty.**

For Commercial Use:

Stainless Steel Frames and Components have a **5-year warranty.**

Powder Coated Steel or Teak legs and Components have a **2-year warranty.**

Cushions, Caps, Feet, Plugs and other components also have a **2-year warranty.**

Selection of Fabrics

A perfect palette of neutral Sunbrella® fabrics is the foundation of our sculpted yet comfy cushions. Selected for their durability you have the choice of different textures with different rub factors.

Designed for Performance and Planet

The last thing we want is for our furniture to end in a landfill which is why Elements was designed with sustainability in mind. All its parts can easily be removed and replaced so if a cushion or legs give up over time you can easily replace.

Washable Cushions

Sunbrella® fabrics are made to resist stains but if you find that a cushion gets dirty, covers can easily be removed and washed.

Ready for a rugged ride:
Elements is designed to work outdoors even in
challenging environments like coastal regions.

Design your Own:
Customize to your space requirements
ordering each piece individually.

Small Spaces:
The modularity of Elements allows
you to accomodate anywhere.

Balcony Starter:

Our chaise lounge, corner chair or lounge chair make a perfect seat that will fit anywhere.

Affordable Luxury:
Why can't well designed furniture be accessible?

Built to be seen:
Elements is designed to look beautiful from every perspective.

Teak

Our wood legs are made from sustainably harvested solid teak. This material was selected for its natural beauty and exceptional resistance to weathering, rotting and pests. Teak is a heavy and dense wood that provides strength and stability for outdoor durability. Select this finish for its color, but also for its durability to the elements. Can be used in properties near the ocean. When you select teak legs we make sure to pair it with stainless steel hardware for durability.

Teak requires minimal maintenance as it contains natural oils that make it highly water-resistant. Overtime teak ages into a grey color, or alternatively it can be maintained with teak oil to maintain its warm golden color.

Powder Coated Steel (Charcoal)

This sleek matte finish pairs beautifully with the design of our Elements furniture; the charcoal finish that is modern and neutral. Our super durable lead and TGIC-free powder coating is designed to meet the most stringent outdoor environments.

Maintenance is easy with our powder coated finish.

Marine Grade Stainless Steel

Shaped into our minimalist rounded shaped legs, the brushed marine grade stainless steel complements our modern furniture beautifully with its matte finish. This material has exceptional properties that will resist corrosion, rust and discoloration even in coastal or marine environments.

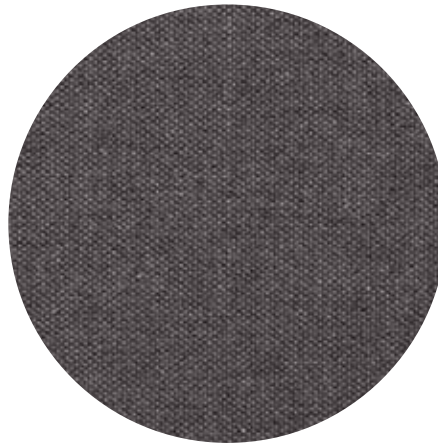

Stainless steel is easy to clean and does not require complicated maintenance over time.

Furniture body is fabricated from 100% Recyclable Polyethylene.
Extremely durable this material has a 10 Year Warranty.

Linen

Coal

Our Linen and Coal Sunbrella® fabrics are designed for exceptional outdoor performance:

- Sunbrella® UV, Stain & Water Repellent Fabric (Non-PFAS)
- Recyclable
- 97% Solution Dyed Acrylic + 3 % Other Fibers
- Extremely Durable Fabric with an abrasion resistance of 100,000 double rubs (Wyzenbeek).

Silver

Slate

Our Silver and Slate Sunbrella® fabrics are designed for premium outdoor performance:

- Sunbrella® UV, Stain & Water Repellent Fabric (Non-PFAS)
- 100% Solution Dyed Acrylic
- Highly durable fabric with an abrasion resistance of 45,000 double rubs (Wyzenbeek).
