CELEBRATING
25 YEARS

Perfect Places

Like you, we aspire to be a part of people's favorite corners.

A cozy reading nook drenched in golden sunlight,
A hidden garden tucked into a tropical escape,
A vibrant herb container that inspires culinary creativity,
A welcoming outdoor space where laughter and stories unfold.

We craft for those moments—

Ensuring each corner mirrors **the aesthetic you envision,**

Built to withstand the rigors of the seasons,

To remain timeless, **no matter the weather.**

Explore our collection and discover the perfect piece,

Let's transform every corner into a haven of inspiration.

Your design journey awaits.

PERFECT CORNER

The soft silhouette of our CUP planter combines perfectly with the angular shape of RIM. Available in a variety of hues to match the right setting.

CUP PLANTERS

Use the planters as your canvas to fill with the colors that will highlight the architectural details of an entrance. Both in commercial and residential settings, these CUP planters are narrow enough to fit easily but tall enough to make the right statement.

 **TruDrop Self-Watering**

Color Options:

MOD PLANTERS

Combine them, line them up, and create crowd control barriers with greenery. These planters are available in multiple sizes to create the right configuration; water cavity can be emptied to reconfigure as needed.

 **TruDrop Self-Watering**

Color Options:

RESTAURANT & BAR

GREEN BARRIERS

Our MOD planters serve as sophisticated dividers for both indoor and outdoor spaces. Use them to define areas and craft a vibrant garden environment by blending plant varieties: a refreshing alternative to traditional barriers.

 **TruDrop Self-Watering**

PINCH PLANTERS

This unconventional square planter, with its pinched wall, is anything but square. Available in 23, 29, and 37 inches, it works both in residential entryways to bustling city streets, showcasing everything from vibrant flowers to stunning specimen trees.

 **TruDrop Self-Watering**

Color Options:

Rotating, recessed
caster base can be
added for mobility.

Anti-theft brackets can be
added to attach planter to
concrete where needed.

MOBILITY & ANTI-THEFT

Similar to our SLAT planters, the PINCH planters feature optional stainless steel recessed caster plates, designed for durability in high-demand commercial environments. For enhanced security, our anti-theft brackets allow you to secure these planters to any floor surface.

BUILT TO LAST

For over 25 years, we have been making planters that last through the bitter winter to hot stricken summer days. We wanted to bring that same rigor to outdoor furniture. You will love our InOu ELEMENTS for its design, but will appreciate it for its easy care.

EVERY ANGLE MATTERS

Unlike indoor furniture, outdoor pieces are frequently positioned in the center of a space rather than against a wall. That's why we prioritized creating a design that looks stunning from every perspective—even the back.

Modular InOu Furniture can be configured to your needs.

Color Options:

CONFIGURE YOUR DESIGN

InOu ELEMENTS is designed to be configured to the requirements of any space. Our patented connected design is easy to build and configure. Even textiles can be custom selected based on your needs.

Removable, stain-resistant Sunbrella™ fabrics.

Color Options:

BALCONY READY

Transform a small apartment balcony into a cozy retreat: a single chair, chaise lounge, or an armchair paired with an ottoman can seamlessly fit into limited spaces. Design that favorite corner for those intimate outdoor moments.

InOu Chaise Lounge can be configured for left or right orientation.

Color Options:

RIM PLANTERS

RIM is a modern take on the classic rolled rim planter. This versatile round planter is ideal for standalone use, as a double framing piece, or beautifully arranged in a trio. Available in sizes 18, 22, 26, and 30 inches, you'll easily find the perfect height to complement even a 5-foot doorway like this one.

 **TruDrop Self-Watering**

Color Options:

MUSEUM READY

Our 30-inch RIM is the ideal choice for commercial applications needing a striking focal point. With its TruDrop self-watering system, these large planters can hold ample water, ensuring weeks of maintenance-free care—even in full summer sun with thirsty plants.

 **TruDrop Self-Watering**

WINDOW BOXES

Ready to peak out and find beauty at every window? Stunning design, variety of colors , three different lengths to choose from, hidden heavy duty hangers, and built with self-watering, our SLAT is a must for picture-perfect windows.

 **TruDrop Self-Watering**

Color Options:

DECK BOXES

Reflective of large traditional wood deck boxes, our SLAT planters are large in capacity to hold evergreens, create seasonal planting, or grow a farm to table garden. Available in Parchment and Shadow finishes to match InOu furniture.

Discover TruDrop Self-Watering

WEEKS WITHOUT WATERING

Our large water cavity allows you to go up to 6 weeks between watering schedules even outdoors, and watering from the roots up makes sure no one over waters or under waters for healthier plants.

PATENTED DESIGN

Our indicator alerts users when the planter needs additional water, making watering a task that doesn't require plant expertise.

trudrop.com

EASY

Designed for easy use and maintenance, our TruDrop self-watering system requires no assembly and has no wicks or liners that degrade over time.

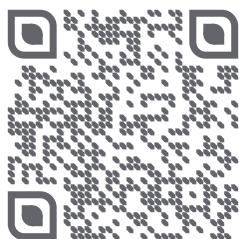

SUSTAINABLE

With 50% less water usage and more efficient use of fertilizers that remain in the water cavity, these planters are environmentally friendly.
